PS2

Mattar Klein (328780168)

I am trying out using markdown stat package for better reproducability, I hope this form wont cause to much trouble, I am uploading 2 versions - with code in pdf and without

Import Data

Question 1
(a) Run Regression

```
2. quietly gen tss`v´ = treadss`v´ + tmathss`v´
3. quietly replace sc = cltype`v´ == 1
4. quietly replace ra = cltype`v´ == 3
5. quietly regress tss`v´ sc ra, robust
6. quietly eststo a_reg_`v´
7. }
```
